SHORT STORY OF NEWARK, N. J.

LOCATION

Latitude, 40° 41'; Longitude, 74° 10' west from Greenwich. Three miles above Newark Bay; eight miles west from New York. Area 23.40 square miles, of which 6.5 square miles are tide water lands. Five hundred acres have been reclaimed by the City on which wharves, docks and railway terminals are being developed for factory and warehousing uses.

WATERFRONT

Wharf frontage on Newark Bay and Passaic River, 10½ miles, channel 300 feet, depth at mean low water 20 feet, at high water 25 feet. Tonnage of freights annually, 2,897,123. Estimated value \$147,895,000.

RAILROADS

Pennsylvania, Lackawanna, Erie, Lehigh Valley and (Reading) N. J. Central. Passenger depots 15. Passenger trains daily 900. Freight delivery yards 22. Freight trains daily 61. Cars of merchandise freight annually 498,251. Railway tonnage delivered 6,538,526. Shipped annually 1,512,752.

NEWARK is within hauling distance by wagon to the piers and docks of New York.

More people get on and off trains in Newark than any other city in the United States not a terminal point.

ELECTRIC RAILROADS

Hudson and Manhattan tubes, 18 minutes to New York. Electric trolley lines to suburban points, 26; cars operated, 737; trips daily, 3,858. Passenger movement, 1918, 18,830,413. Trains daily to and from New York, 260.

VALUATIONS, DEBT, REVENUE

Assessed valuation of property (1921)	\$534,745,340.00
Value of Municipal property	72,321,197.19
Number of Public Buildings	76
Total Bonded Debt	49,825,200.00
Sinking Fund Assets	16,620,223.72
Total Net Debt	33,204,976.28
Annual Tax Rate per 1,000 of Valuation	37.60
Whole Number of Buildings in the City	45,869
Total Municipal Revenue 1920	21,696,572.79

If NEWARK'S tax rate is above the average, it is because it is spending millions of money for education, recreation and sanitation—the three elements that return compound interest and dividends on the investment.

WATER SUPPLY

47.7 million gallons daily, delivered by gravity. Daily consumption in gallons, 44.8 million; gallons per capita, 108.15; meters in use, 45,491; cost for first 500 cubic ft., \$1.50; \$1.00 per 1,000 cubic ft. thereafter.

PAVEMENTS

Miles of streets paved, 278.0; miles of streets unpaved, 59.0; average width of streets, 36 feet. NEWARK is rated one of the best paved cities in the United States.

SEWERS

NEWARK ranks eleventh in the aggregate value of products annually.

NEWARK has 252 distinct lines of industry, fifty lines turning out values from one to thirty million dollars annually.

NEWARK as a manufacturing centre ranks ahead of thirty States in the aggregate value of its manufactured products.

NEWARK leads the world in the manufacture of umbrella frames.

NEWARK leads in the manufacture of badges and advertising novelties.

NEWARK per capita to its population leads in the variety of its manufactures.

NEWARK is the largest fine jewelry manufacturing centre in the United States.

NEWARK produces the largest variety and best grades of leather for shoes, automobiles, carriages and upholstering.

NEWARK is a great centre for the manufacture of chemicals, varnishes, lacquers and paints.

NEWARK excels in the superiority of its cutlery and edged tools.

NEWARK is the home of the "Mother of Pearl" button and novelty industry.

NEWARK produced the first malleable iron in America.

NEWARK built the first locomotive engine to travel up grade.

NEWARK made the first patent leather in America.

NEWARK added celluloid to the world's commerce.

The location of a new industrial plant to most cities is an occasion for a holiday of rejoicing. If such a rule were followed in Newark every day in the year would be a holiday.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

NOVEMBER, 1922

NEWARK, N. J.

November 8, 1922.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of October 31st were read and approved.

Mayor Breidenbach:—Are there any citizens desiring to be heard by the Board on any matter?

Mr. A. V. Hamburg, representing the Committee on Municipal Affairs of the Chamber of Commerce:—The matter of widening Commerce Street has been discussed by the Chamber of Commerce, and I am authorized today in representing the Chamber of

Commerce to ask the Commission in considering the widening of Commerce Street to act very carefully, and consider the entire plot as a whole. In the first place you are going to have one of the most complete Markets in the East. Commerce Street we recognize is entirely inadequate at the present time for the work that will be required of it in the way of traffic. If we understand correctly, the proposal is to add 16 feet or more to Commerce Street, which will afford considerable relief. Subsequent to the Notice of Intention, Commissioner Raymond announced that it was proposed or suggested, after consideration, the creation of and the widening of that small and narrow street known as North Canal Street, which would include the Market as it now stands, giving us a street or Boulevard paralleling Commerce Street, the exact width I do not recall.

Commissioner Raymond:—The proposed width of that street will be 85 feet.

Mr. Hamburg —Then that will give us a street to the Market 85 feet in width. If you parallel that with a street 60 feet in width, we will have very available approaches to the Market. Now the point of importance to be considered is this: You have a plot of land which is very valuable down on Mulberry Street known as the Farmers' Market, bounded by North Canal Street, Mulberry Street and Commerce Street, the greater part of which the City today owns. The Chamber of Commerce are very desirous that the City consider the fact if it would be possible in some way to control that entire block. We don't come here and advocate the purchase of that valuable property remaining on Broad Street consisting of 93 feet after the street is taken, because we do not think there is any legal way you could acquire it, not having any public use for it, and to buy it for prospective improvement, we have had some experiences near here on which the City stands the loser by considerable. Commerce should be made one of the valuable business streets in the City. In the sale of the property which you now own in Commerce Street, could you not in the transfer of that property hold certain restrictions as to the class of business and the character of the buildings that are to be erected? There you will have a Market, the ground for which cost over two million dollars. The Market when complete will cost about the same, plus carrying charges, and it would seem to me in this great city with the two streets which will parallel this property, that it should be restricted to high class buildings in that section. The Market will be of great importance to the City of Newark and should not be made any separate unit, but considered as a whole. There will

be no more valuable spot in the City than the block I have referred to and we want to make this request before you finally act on the widening of Commerce Street. Under the plans you have laid out, if I understand correctly, it is proposed to dispose of this plot now occupied as a Farmers' Market. Is that the plan?

Commissioner Raymond:—That was the promise to the people, and I believe the people understand that they were to get some money back from the sale of this property. I think we are obliged to sell that land and get some money back and I think it should be put in the ratables.

Mr. Hamburg:—Can you not in the transfer of title to this property include certain restrictions as will guarantee the character of buildings and business in that street?

Commissioner Raymond:—I think there is an ordinance to be introduced today which will permit higher buildings in that section. After that has been passed it is expected larger buildings will be built all along Commerce Street. After these streets are widened, I think that will immediately develop into valuable business property.

Mr. Hamburg:—If I understand correctly, it is the intention to take some action as to the regulation of the buildings upon the site you now own and which it is the intention of Commissioner Gillen to sell?

Commissioner Raymond:—It is my intention to amend the Zoning Ordinance to allow the freer building in that neighborhood.

Commissioner Gillen—I do not think we can do that. I do not think we can compel them to put up a certain class of building.

Commissioner Raymond:—Under the present plans North Canal Street will be 85 feet wide. My thought is, and I think the Commissioners agree with me, that we should bridge the canal with the idea in mind that it would eventually be a subway, the city to construct the walls and top, which would be the first step toward making the canal a subway, which is bound to come. After these improvements are completed, it will be valuable property and will have to be used for that purpose, and a second-hand clothing store will have no place in North Canal Street. They cannot afford to stay there. We have had experts working on a general plan with respect to better outlets to outlying territory and this plan works in with this layout, and this is part of a general development with reference to streets leading into other sections.

Mr. John F. Murray, representing the Mutual Benefit Life Insurance Co.:—I am not here to oppose the proposed development of this neighborhood, but for the purpose of trying to find out on what basis the matter of widening Commerce Street is to be assessed. That is, whether it is to be considered an improvement benefiting the immediate property or the City as a whole.

Commissioner Raymond:—It will be a general assessment affecting the whole benefited locality. It will be assessed against as large an area as

benefited. It will not be an assessment placed merely on Commerce Street. It will be an assessment against a benefited zone.

Mr. Murray:—Then it will be assessed against everybody from far regions and not levied particularly against abutting property? Although they will undoubtedly be benefited, there is no reason why the property owners in the neighborhood should bear the burden of it.

Corporation Counsel Congleton:—The City will have to bear the same proportion of expense because they own the Farmers' Market property, and they will have to bear the same proportion of this cost by reason of their ownership of the Farmers' Market, as the property across the street.

Mr. Hamburg:—Can you say what the entire cost will be of widening Commerce Street?

Commissioner Raymond:—It is estimated about \$230,000 for the acquisition of the property.

Mr. Ralph E. Lum, representing owner of property on the northeast corner of Broad and Commerce Streets, requested that decision be made as soon as possible with respect to the acquisition of this property, stating at the present time it was impossible to use the property for any purpose and that taxes on it were accumulating at the rate of over \$500 a month and urged that it be acted upon as expeditiously as possible. Mr. Lum also stated there was no doubt but what the proposed widening would vastly improve Commerce Street.

... Louis Schlesinger, representing the Lehman Estate at 5 Commerce Street, consisting of 23x32 feet and stated he was particularly interested in learning if the assessment would be levied in the Zone immediately benefited by it.

Commissioner Raymond:—It seems I am wrong about this assessment. It is more localized than I said. I thought it would be a wide zone, and I think it should be a wide zone. I think it should be a zone of benefit something like Branford Place.

Mr. Schlesinger:—I think the figure of \$230,000 to acquire this property is very modest.

Commissioner Raymond:—I will withdraw the Notice of Intention and the Ordinance and we will readjust the price for the acquisition of this property and put a wider area of assessment and bring it up next Tuesday.

Mr. Robert A. Osborne, appeared and favored the removal of the entire block between Commerce and North Canal Street, stating that part of Broad Street was the busiest block in the City and the removal of this block would relieve congestion.

Commissioner Raymond moved that the Notice of Intention for the opening and widening of Commerce Street be withdrawn, and that the ordaining clause of an ordinance entitled: "An ordinance to provide for the opening and widening of Commerce Street from Broad Street to Railroad Place on the northerly side thereof," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The following reports of the Commissioners of Assessments for Local Improvements were received and ordered filed:

Paving of Aldine Street from Clinton Place to Lyons Avenue;

Paving of Harding Terrace from Bergen Street to Park View Terrace;

Resurfacing of Leslie Street from Clinton Avenue to Hawthorne Avenue.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An Ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That Section 7 of an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919, be and the same is hereby amended to read as follows:

"Section 7. Height Districts.

"For the purpose of regulating and limiting the height and bulk of buildings hereafter erected the City of Newark is hereby divided into six classes of districts: (a) thirty-five foot districts; (b) fifty foot districts; (c) eighty-five foot districts; (d) one hundred and twenty-five foot districts; (e) one hundred and fifty foot districts; and (f) two hundred foot districts; as shown on the height district map which accompanies this ordinance and is hereby declared to be part hereof. The height districts designated on said map are hereby established. The height district map designations which accompany said height district map are hereby declared to be part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

"(a) In a thirty-five foot district no building shall be erected to a height in excess of thirty-five feet;

"(b) In a fifty foot district no building shall be erected to a height in excess of fifty feet;

"(c) In an eighty-five foot district no building shall be erected to a height in excess of eighty-five feet;

"(d) In a one hundred and twenty-five foot district no building shall be erected to a height in excess of one hundred and twenty-five feet;

"(e) In a one hundred and fifty foot district no building shall be erected to a height in excess of one hundred and fifty feet nor in excess of twice the width of the widest street on which it fronts;

"(f) In a two hundred foot district no building shall be erected to a height in excess of two hundred feet nor in excess of twice the width of the widest street on which it fronts;

"(g) For the purposes of subdivisions (f) and (g), however, no street shall be deemed to have a width of less than fifty feet. Any building or any part of a building fronting on a street within one hundred feet of its intersection with a wider street shall have its height governed on the narrower street by the width of the wider street. A building situated on an interior lot running through from street to street shall, where the streets are of different widths, have its height governed by the width of the wider street for a distance of 100 feet back of such street if the distance between the two streets is less than 200 feet, and by the width of the

narrower street for a distance of 100 feet back of such street if the distance between the two streets is more than 200 feet. A corner building at the intersection of two streets of different widths shall have its height governed on the narrower street by the width of the wider street for a distance of 150 feet. Where, under the foregoing provisions, not more than 50 feet of a street frontage would otherwise be subjected to a height limit lower than that allowed immediately beyond both ends of such frontage, the height limit on such frontage shall be equal to the lesser of such greater height limits."

Section 2. That Section 8 of the ordinance above mentioned be amended to read as follows:

"Section 8. Towers.

"Nothing in this article shall prevent the erection of a tower to any height in a one hundred and fifty foot height district or a two hundred foot district, provided:

"(1) that the area of such tower above the height limit fixed for buildings by the preceding section shall not be in excess of twenty-five per cent. of the area of the lot; and (2) that an open space shall be left above the height limit fixed for buildings by the preceding section on each and every lot line which is not also a street line, such open space being at least of the minimum dimensions prescribed for a side yard in an A area district for a building having a height equal to the maximum height of the tower above the curb level."

Section 3. The height district map is hereby amended so as to include within the two hundred foot height district the area fronting on Broad Street between Bridge Street and Tichenor Street for a depth of 100 feet, and including the property fronting on Washington Park, Military Park, Lincoln Park and Clinton Park for a depth of 100 feet;

Section 4. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 5. This ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

*The Board of Commissioners of the
City of Newark, N. J.*

W. J. EGAN,
City Clerk.

NEWARK, N. J.

November 14, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of November 8th were read and approved.

The clerk read the title of "An Ordinance authorizing the Board of Commissioners of the City of Newark on behalf of the City to enter into an agreement with the Delaware, Lackawanna & Western Railroad Company providing for the vacation of a portion of North Fourteenth Street, where the same crosses the railroad of said Railroad Company, the laying out of a new overcrossing at North Thirteenth Street, and other improvements incidental thereto."

Mayor Breidenbach:—Are there any citizens desiring to be heard on this ordinance.

Mr. Joseph Lechleiter, 491 Seventh Avenue; Mr. Joseph E. Hughes, 82 North 13th Street; Mr. Fred J. Steck, 485 Seventh Avenue; Mr. Dennis D. Cronin, 336 Seventh Avenue; Mr. A. L. Woodman, 40 North 13th Street; Mr. Frank Smith, 35 North 13th Street; Mr. George W. Conklin, 54 North 13th Street, appeared and objected to the proposed plan of bridg-

ing or spanning the D. L. & W. R. R. tracks at North 13th and 14th Streets, stating it would be a serious detriment to the property in that neighborhood.

Mr. Conklin stated the plan could be more easily carried out at North 11th Street without damage to property and inconvenience to traffic and requested that consideration be given to this suggestion.

Commissioner Raymond:—I will withdraw this proposition temporarily in view of the suggestion that has been made by Mr. Conklin to have this ramp at North 11th Street, and will ask the Railroad Company to lay out a scheme on that line and have them submit a plan, and I will adjourn this hearing, leaving this notice up and then we will have the other plan for consideration and in the meantime we will give everybody interested in North 14th Street an opportunity to be heard. I would like the press if it will, to notify the public if such a plan is carried out it will close up North 14th Street as a crossing entirely and the crossing will be at North 11th Street. I think it is only fair to the people in North 14th Street to know that.

Commissioner Raymond moved that the hearing on the ordinance for the vacation of North 14th Street be laid over one week, with the understanding that in the meantime the Railroad Company will have ready for discussion, a tentative plan for the development of North 11th Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. E. G. Bollenbach, 542 North 4th Street, appeared and objected to the assessment for the paving of Fourth Street, stating it was too high in view of the fact that property owners had already paid an assessment for the curbing and flagging of the street.

Commissioner Howe offered the following resolutions:

RESOLVED, That the Report of the Commissioners of Assessments for Local Improvements of the City of Newark for benefits conferred by the paving of Fourth Street from Abington Avenue to Third Avenue, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed; and, be it

FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said Report in the Office of the Comptroller of the said City of Newark for collection:

John Howe

The Board of Commissioners of
the City of Newark, N. J.

Honorable Sirs:

At a meeting of the Commission on Building Districts and Restrictions held this morning the enclosed ordinance regarding a change in the height regulations of the zoning ordinance was discussed. The Commission recommends to your Honorable Body a substitute ordinance which is herewith attached.

Respectfully submitted,

R. B. Rankin,
Secretary, Zoning Commission.

Received and filed.

Commissioner Raymond moved that the title of "An Ordinance to amend an ordinance entitled: 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions,' adopted December 31, 1919," be taken for its third reading:

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the ordinance be placed back on second reading for the purpose of amendment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following substitute ordinance which was read by the clerk:

An ordinance to amend an ordinance entitled: "An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 7 of an Ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919, be and the same is hereby amended to read as follows:

Section 7. Height Districts.

For the purpose of regulating and limiting the height and bulk of buildings hereafter erected the City of Newark is hereby divided into five classes of districts: (a) thirty-five foot districts; (b) fifty foot districts; (c) eighty-five foot districts; (d) one hundred and twenty-five foot districts; and (e) one hundred and fifty foot districts; as shown on the height district map which accompanies this ordinance and is hereby declared to be part thereof. The height districts designated on said map are hereby established. The height district map designations which accompany said height district map are hereby declared to be part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

(a) In a thirty-five foot district no building shall be erected to a height in excess of thirty-five feet;

(b) In a fifty foot district no building shall be erected to a height in excess of fifty feet;

(c) In an eighty-five foot district no building shall be erected to a height in excess of eighty-five feet;

(d) In a one hundred and twenty-five foot district no building shall be erected to a height in excess of one hundred and twenty-five feet;

(e) In a one hundred and fifty foot district no building shall be erected to a height in excess of one hundred and fifty feet nor in excess of twice the width of the widest street on which it fronts.

Any building or any part of a building fronting on a street within one hundred feet of its intersection with a wider street shall have its height governed on the narrower street by the width of the wider street. A building situated on an interior lot running through from street to street shall, where the streets are of different widths, have its height governed by the width of the wider street for a distance of 100 feet back of such street if the distance between the two streets is less than 200 feet, and by the width of the narrower street for a distance of 100 feet back of such street if the distance between the two streets is more than 200 feet. A corner building at the intersection of two streets of different widths shall have its height governed on the narrower street by the width of the wider street for a distance of 200 feet. Where, under the foregoing provisions, not more than 50 feet of a street frontage would otherwise be subjected to a height limit lower than that allowed immediately beyond both ends

of such frontage, the height limit on such frontage shall be equal to the lesser of such greater height limit."

In any Business and Industrial District, which are within A or B Area business purposes may be erected to Districts, buildings used wholly for a height twice the width of the street, and for each 1 foot that building or a portion of it sets back from the street line, 4 feet shall be added to the height limit of such building, or such portion thereof; and buildings used wholly for industrial purposes may be erected to a height equal to one and one-half times the width of the street, and for each 1 foot that the building or a portion of it sets back from the street line, 3 feet shall be added to the height limit of such building or portion thereof.

Streets 50 ft. or less in width shall be considered 50 ft. wide.

Streets more than 50 ft. and less than 75 ft. in width shall be considered 75 ft. wide.

Streets more than 75 ft. and less than 100 ft. in width shall be considered 100 ft. wide.

Streets more than 100 ft. and less than 125 ft. in width shall be considered 125 ft. wide.

Streets more than 125 ft. or open public spaces of greater width shall be considered 150 ft. wide.

Section 2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect immediately.

The Board of Commissioners of
The City of Newark, N. J.

Honorable Sirs:

At a meeting of the Commission on Building Districts and Restrictions held this morning the enclosed ordinance regarding a change in the zoning regulations at Springdale Avenue and North 12th Street was recommended to your Honorable Body for adoption.

Respectfully submitted,

R. B. Rankin,
Secretary, Zoning Commission.

Received and filed.

Commissioner Raymond moved that the title of "An Ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said pur-

poses and providing penalties for the violation of its provisions,' adopted December 31, 1919," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond:—I desire to introduce a resolution, which I would like to call especial attention to. We have received a letter from Colonel Newcomer to the effect that

before the Act authorizing the improvement of Newark Bay by Congress could be passed, the Army Board would like some assurance from the City of Newark as to what we intend to do with reference to Port Newark, and I felt before sending an answer to that letter I should have authorization from this Commission to write the letter.

Commissioner Raymond then read sub-paragraphs a, b, c, d and e of a communication from Colonel Newcomer with reference to the conditions the War Department expected the City to carry out, and the resolution and letter setting forth the improvements the City is now undertaking at Port Newark were read by the clerk:

Conditions precedent to Dredging
Newark Bay. House Document No.
206, 67th Congress, 2nd Session.
Guarantees from the City of Newark.

Hon. John W. Weeks,
Secretary of War,
Washington, D. C.

Sir:

As required by the River and Harbor Act of September 22, 1922, author-

izing the further improvement by the United States of Newark Bay and Hackensack Rivers in accordance with plans recommended in House Document No. 206, 67th Congress, 2nd Session, the City of Newark by authorization of the City Commission as confirmed by resolution of the City Commission accompanying this letter, would hereby advise you referring to the respective conditions in said document regarding the portion of the work in Newark Bay below Port Newark Terminal.

(a) The City of Newark has already dredged that portion of the Port Newark Terminal channel which lies between the United States Pier-head Line and a point 3000 feet westerly therefrom to a depth of 30 feet and did on November 14th, 1922, award a contract for the extension of this channel westerly to the Newark and Elizabeth Branch of the Central Railroad of N. J., and for the construction of 1000 feet of dock on the southerly side of said channel, and the City will maintain said channel.

(c) The City of Newark has let a contract for the construction of 1000 feet of dock on the southerly side of the Port Newark Terminal channel and back of said dock will provide public terminals open to all under equal and reasonable terms.

(d) The City of Newark will agree to take additional dredged material

back of its bulkhead already constructed on the south side of Port Newark Terminal channel where it can dispose of 400,000 cubic yards of fill and the City will further agree to take additional fill at said point if delivered by the hydraulic method and the City will at its own expense relay said additional fill to lands of the City westerly of the Newark and Elizabeth Branch of the Central Railroad of New Jersey.

The City of Newark further believes that it has already met the conditions set forth in House Document No. 206 and would respectfully ask the Secretary of War to confirm the same and advise the City and Congress if he is satisfied that said conditions specified have been met.

In addition thereto the City of Newark would call your attention to the fact that during the last 18 months the City of Newark did at its own cost dredge and deepen the channel in Newark Bay to a depth of 30 feet and 200 feet bottom width from Port Newark Terminal to the 30 ft. contour in the Kill von Kull and that in the execution of said work did remove 1,500,000 cubic yards in the deepening of said main channel and did dispose of said material, and that therefore it has already to this extent met the conditions set forth in House Document No. 206, which conditions were pro-

mulgated prior to the doing of the work in this paragraph referred to. It is therefore respectfully represented that not only has the City already met all of the conditions set forth but has already expended upwards of \$1,000,000 of its own funds to do the portion of the work in Government channels recommended by the Army Engineers in providing an outlet from Port Newark Terminal for ocean going vessels and that the least the City can expect on the part of the Government is the completion of this work to the full channel width recommended in said Engineer's Report, at the earliest date possible and the co-operation of the Government officials to bring about such a result.

Respectfully submitted on
behalf of the City of Newark,

Thomas L. Raymond,

Director,
Department of Streets and
Public Improvements.

Commissioner Brennan moved that the conditions as set forth in the communication to Secretary of War Weeks by Commissioner Raymond be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following resolution:

BE IT RESOLVED, By the Board of Commissioners of the City of Newark on this twenty-first day of November, 1922, that on behalf of the City of Newark it hereby agrees to and confirms and will undertake to carry out the guarantees expressed in a letter from the Director of the Department of Streets and Public Improvements to the Hon. John W. Weeks, Secretary of War of this date, copy of which is hereto annexed and made a part hereof.

Thomas L. Raymond
Charles P. Gillen
W. J. Brennan
John Howe
F. C. Breidenbach

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond:—Mr. Stallman, I have made a personal investigation of this situation at North 14th Street, and I find there is a very nice street there, and I must say my feelings are very sympathetic with the objections raised to build a wall or ramp along this street. After consultation with my Engineers I am convinced that such a bridge would be very dangerous to say the least, and I do not think it would serve the

purpose of the people in that neighborhood. I know the Railroad Company has tried very hard to solve this problem for the benefit of the City. I am in the position this morning of having no counter proposition to offer, but I do feel I will have to ask the Commission to accept my recommendation not to permit these plans to be carried out. I feel that this plan would more or less destroy that section, which is a very nice section, and in my opinion this would injure it very much. So far as the North 11th Street suggestion is concerned, I might say it would ruin the property on the south side of North 11 Street, making necessary a ramp in front of houses there to a height of five feet, and that would destroy the property.

Consulting Engineer Sherrerd:— It seems to us that this ramp would be such a twisted road with constant turnings, that it would be very little used, and that North 14th Street is so little used, that it would be better to retain it as a grade crossing; unless it were possible to work out some narrow viaduct in the center of North 14th Street.

Commissioner Raymond moved that the title of "An Ordinance authorizing the Board of Commissioners of the City of Newark on behalf of the City to enter into an agreement with the Delaware, Lackawanna & Western Railroad Company providing for the vacation of a portion of North Fourteenth Street, where the same crosses the Railroad of said Railroad Company, the laying out of a new overcrossing at North Thirteenth Street, and other improvements incidental thereto," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the vote by which the ordinance providing for the construction of a system of sewers in McClellan Street was adopted, be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. L. J. Fairbanks, Supervisor, Pennsylvania Railroad, Jersey City, N. J., appeared and stated under the proposed ordinance for the construction of a sewer in McClellan Street, that adjacent property owners were to be assessed for benefit by reason of this sewer, and stated the Penna. R. R. already had a sewer in McClellan Street all through its property and that this sewer would be of no benefit to the Railroad Company, and that they were objecting to the sewer if there was to be an assessment against the Railroad Company, inasmuch as the Railroad property would derive no benefit.

Commissioner Raymond:—Your objection is to the assessment. It seems to me in view of your statements you will have an opportunity to be heard by the Assessment Commission.

Commissioner Raymond moved that the title of "An Ordinance to provide for the construction of a system of sewers to be used for house sewage only in McClellan Street from the Pennsylvania Railroad to Devlin Avenue; in Devlin Avenue from McClellan Street to Pershing Avenue; in Pershing Avenue from Devlin Avenue to Pensey Place; in Garibaldi Avenue from McClellan Street to Pensey Place and in Pensey Place from Garibaldi Avenue to Pershing Avenue," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a system of sewers to be used for house sewage only in McClellan Street from the Pennsylvania Railroad to Devlin Avenue; in Devlin Avenue from McClellan Street to Pershing Avenue; in Pershing Avenue from Devlin Avenue to Pensey Place; in Garibaldi Avenue from McClellan Street to Pensey Place and in Pensey Place from Garibaldi Avenue to Pershing Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach offered the following resolutions:

NEWARK, N. J.

November 28, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, at 11 A. M.

Present: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of the meeting of November 21 were read and approved.

Mayor Breidenbach:—Are there any citizens desiring to be heard?

Dr. William G. Hanrahan, 36a Fulton Street, appeared and stated that he represented two organizations and desired to serve notice on the Mayor and Commissioners and requested that the resolution passed October 31, 1922, creating the position of Director of Public Health be recalled, because a number of citizens feel that it is detrimental to the public and creates unnecessary expense and might impair the health of our people. Some of us advised against taking up any legal matter because of our friendship for the Commissioners, but as the taxpayers have to foot the bill, and because of the fact that Dr. Craster has volunteered to do the work entirely gratis, we ask for the recall of the resolution. Dr. Hanrahan further stated that the matter was presented in all respect to the Mayor.

Mr. Richard Hartshorn, 763 Broad Street, appeared in reference to the opening and widening of Commerce Street and stated that a large num-

ber of persons interested had not had a chance to consider the matter and some had not received notice concerning it and requested that the matter be laid over.

Commissioner Raymond moved that the matter be laid over until December 12, 1922.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following resolutions:

RESOLVED, That the Report of the Commissioners of Assessments for Local Improvements of the City of Newark for benefits conferred by the paving of Aldine Street from Clinton Place to Lyons Avenue which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed; and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said report in the Office of the Comptroller of the said City of Newark for collection.
